

NEW BEGINNINGS ORPHANAGES INTERNATIONAL IS LAUNCHING IN THE USA!

We are delighted to announce the launch of New Beginnings Orphanages International in the USA! Our mission is to provide a supportive and nurturing environment for young women in foster care, from 7th grade to 12th grade or of appropriate age. We are open to all races, with a strong focus on underserved communities including Black and Latino young women.

Target Audience

Our program is specifically designed for young women in foster care. However, we plan to extend our services to young men in the future. We are committed to embracing diversity and promoting inclusivity within our organization and beyond.

Program Goals

The main objectives of our program are:

- **Educational Attainment:**
 - We strive to improve school attendance and academic performance.
- **Career Exploration:**
 - We aim to enhance skill sets and job readiness.
- **Character Development:**
 - We offer assistance with social-emotional and behavioral disorders and treatment plans.

Programmatic Activities

To achieve our objectives, we have outlined several programmatic activities:

- Secure funding through donors, grants, and other sources.
- Build a team of vetted volunteers.
- Establish a collaborative network of stakeholders and collaborators.
- Develop a calendar and curriculum for our program.
- Implement evidenced-based, trauma-informed mentoring. Our approach to services is grounded in research specific to youth in foster care with adverse childhood experiences.

We use a variety of theoretical frameworks in our approach, including Attachment Theory, Social Support Theory, and Resiliency Theory.

The Ask

In order to kickstart our operations, we are seeking \$5,000 per month for personnel. We are open to building Purposeful Partnerships with government agencies, schools, churches, communities, businesses, and any other organization interested in supporting our cause.

How Can We Serve You?

We believe that our work can make a significant impact in the lives of many young women and eventually young men. We encourage you to visit our websites at

www.nboi.org

and

www.queensmg.com

to learn more about our program and how you can contribute to our mission.

The Dream

Our ultimate dream is to establish a transitional living home with wrap around services for children aging out of the Foster Care System or children considered at risk. We envision a future where we celebrate the success of self-sufficient young women who give back to younger participants and the world.
